AFTER A COUPLE OF YEARS AND A FEW COMMENTS ON OUR YOUTUBE VIDEOS ASKING FOR IT, HERE IT IS. YOU INSECURE SAPS - THE SECOND ZINE FROM ALL OF US AT SCHAN.ORG.

OUR FIRST ZINE WE DID WE SENT TO BOOKSTORES AROUND THE U.S. WHERE IT ACTUALLY SOLD OUT IN A FEW OF THEM (JUST IGNORE THE REALITY THAT WE SENT FIVE COPIES PER STORE AND THAT FACT IS MORE IMPRESSIVE). IT ALSO STIRRED UP SOME CONTROVERSY AT A LOCAL COFFEE SHOP WHERE WE ALL LIVE BECAUSE THEY MADE US PUT IT IN PLASTIC WRAPPING AND SLAP A

CONTENT WARNING STICKER ON IT AND THEN SOME CHICK WHO I'M SURE PROBABLY HAD BLUE AND SILVER HAIR SAW ITS TITLE. "INVOLUNTARY CELIBACY AND THE PURSUIT OF MEN'S RIGHTS", AND GOT IMMEDIATELY PISSSED OFF. THEY THEN PULLED OUR ZINE OFF THEIR STORE SHELVES AND BANNED IT BECAUSE ONE PERSON GOT OFFENDED. THING IS, IF OUR ZINE HADN'T BEEN PUT IN PLASTIC WRAPPING, THEN I'M SURE THE GUARANTEED-TO-BE SUCCESSFUL ART STUDENT WITH A DEGREE IN CERAMICS WOULD HAVE BEEN ABLE TO PICK IT UP AND SEE THAT OUR ZINE WAS ACTUALLY ANYTHING BUT A MANIFESTO FOR SEXILED MEN EVERYWHERE.

BUT THAT'S ACTUALLY WHAT THIS SECOND ZINE IS GOING TO BE ANYWAYS HOW'S YOUR ART DEGREE WORKING OUT FOR YOU LITTLE MISS TRIGGERED FOR SOCIAL MEDIA VALIDATION OH THAT'S RIGHT I HAVE TO PAY TO BE ABLE TO CHAT WITH YOU DIRECTLY ON YOUR CAM GIRL SITE THAT YOU MAKE A LIVING FROM NOW, DUH.

CASE IN POINT, IF YOU CAN'T DETECT SATIRE OR KNOW A JOKE WHEN YOU READ ONE, THEN I AUTOMATICALLY ASSUME YOU HAVE A LEARNING DISABILITY. AND IF YOU GET OFFENDED, THAT'S FINE. IF YOU DON'T BURN THIS ZINE, THE FOURTH REICH WILL INSTEAD.

I'VE ALWAYS LOVED OFFENSIVE HUMOR. I LOVE SHOCK VALUE. IT ALSO MEANS WE DON'T HOLD ANY BELIEFS THAT YOU MIGHT THINK WE DO JUST BASED ON WHAT WE FIND FUNNY OR MAKE FUN OF. SO BEFORE YOU LOSE YOUR SHIT, REMEMBER TO NEVER TAKE US SERIOUSLY EVER. AND IF YOU DO, THAT'S ON YOU FOR BEING SLOW.

ANYWHO, SCHAN'S LOGO IS "YOU'VE MADE A MISTAKE", WHICH IS WHAT YOU MUST BE THINKING RIGHT ABOUT NOW AFTER GIVING US YOUR MONEY THAT WE'RE GONNA USE TO BUY A WINRAR LICENSE.

I love my son-husband Kipper.

Kipper made this picture of our future child using a pirated copy of a 3D model maker program that I bought him for Christmas and when he posted it on his anime forum his father saw it and figured out immediately what was going on but Kipper quickly banned him so we're safe.

These are just some of the things my new boyfriend Colin says to me in public xoxo

"Oof, condoms not allowed, that's a big one."

"I can't comment on an ongoing investigation."

"I didn't leave you because you STILL put out."

"What's up, two tons of fun?"

He also likes to play hit a lot when we go out and jokes that I'm not allowed to leave and that I can't talk to my friends anymore

Have you ever been fired from your job before?
Sucks, right?

...but have you ever had your doctor fire you?

Buddy, that is a low point. That is something I
never want to have happen to me again.

Tho it was my own fault. I shouldn't have still
been going to a pediatrician when I was 22.

Seth at 22 years old

It all went down one day when I was sick.
I go to my doctor at a place called Pediatric
Services without ever thinking about what
those words mean and as I'm sitting by my
adult self in the waiting room filled with kids
toys and Dr. Seuss books, which by now I just
assumed were the staple of any doctors office,
I'm surrounded by children and their parents,
who are all staring at me. And I just think
"Oh my God, I must look *really* sick!"

Then the doctor calls me into one of the rooms
filled with Disney characters and sits me down
on a little stool which really should've been the
first clue that I wasn't getting my Xanax
today.

He looks me right in the eyes and goes "Listen. I'm a doctor who treats kids. You're a 22 year old man. You're the only patient I have that drove themselves here. The parents are talking, the office is talking, and now I'm talking to you. I'm sending you to a new doctor. He's a therapist. Thank me later.

Now get out of my office, you fucking freak."

Now when the shit would anyone ever see this image and go "That's right up my alley" and download it? Even more confusing, who had the genius thought one day that went "You know what our world needs? A 3D model of a fat guy sitting around in his underwear who looks like he just found out about white guilt. Say no more, I'm gonna make it myself and give it to all of you... for *free*."

"Instead of going to church today and reading the Bible, I'm just going to stay at home and read some Biblical fan fiction. My favorite is *The Lord is Coming Again* by Mr. Stick and Figure over at fanfiction.net. It's about Sonic the Hedgehog and his friends dealing with the Second Coming of Christ in the year 3625. It's some high qual writing that *really* digs deep into Christian theology all the while you got Sonic and the gang to keep you company during His holy return."

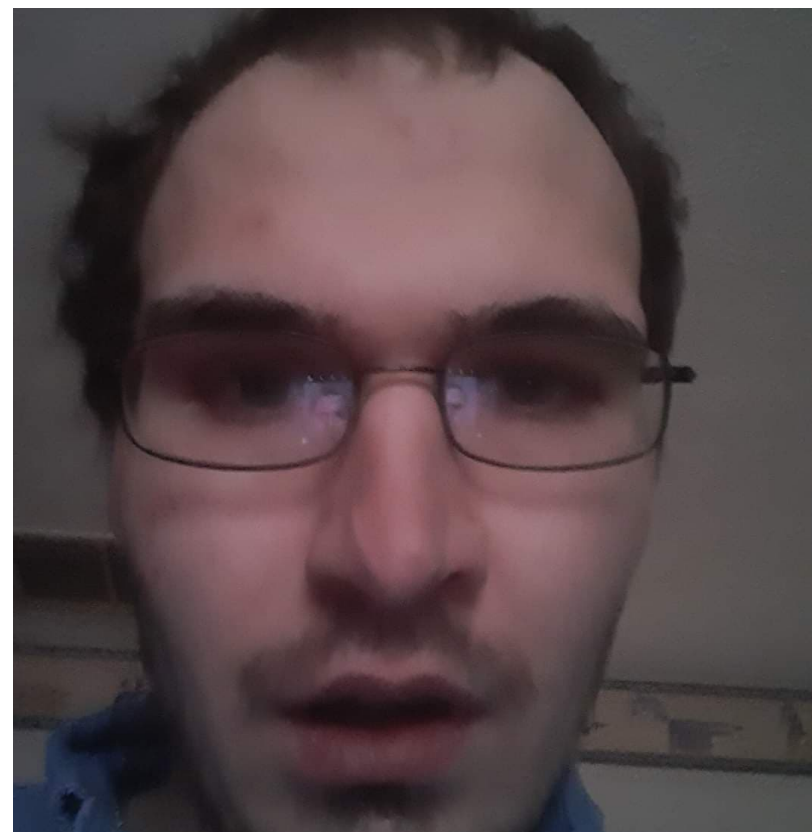

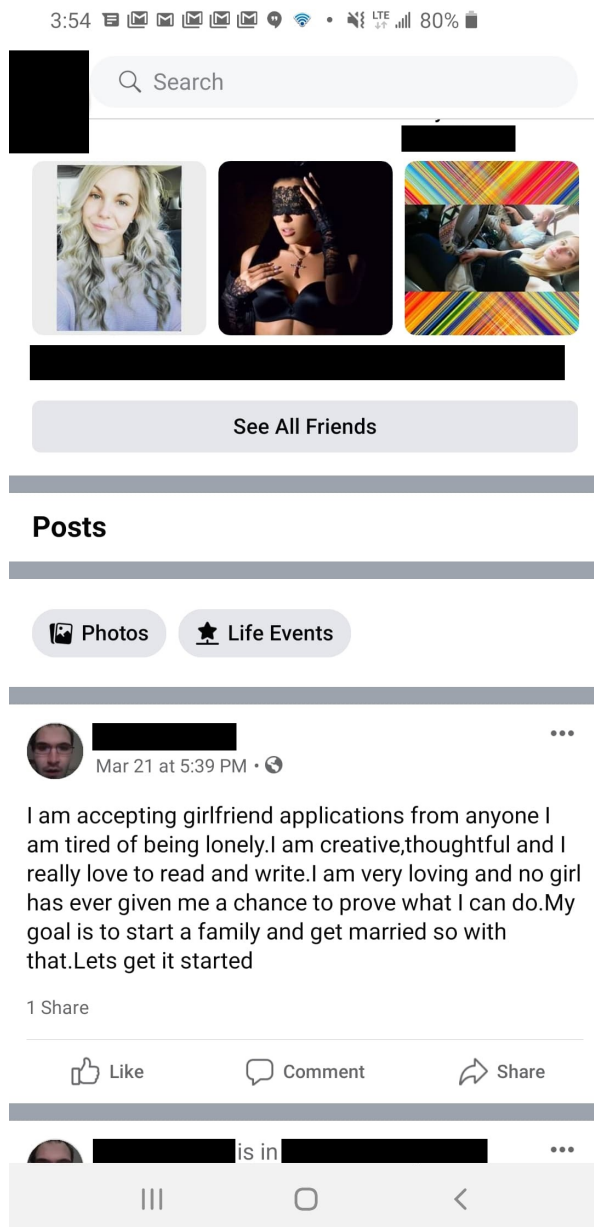

I'm so addicted to being on my phone that I could never be a substitute teacher because there's nothing to do in that job except sit and I probably wouldn't even know there's a school shooting going on.

I JUST HAVE ONE RULE WHEN IT COMES TO BANGING COSPLAY GIRLS I MEET AT ANIME CONVENTIONS. IF YOU SO MUCH AS EVEN BREAK CHARACTER, YOU'LL NEVER SEE YOUR FAMILY AGAIN AND YOU'LL SPEND THE REST OF YOUR LIFE TIED UP IN MY BASEMENT SO HELP ME GOD.

Pregnant goth girls are my new fetish. I tell my family that if they want to keep me in this group that of theirs then they're gonna have to post photos of pregnant goth chicks in it. They ask me if I wish I could seed and breed with a skin cutter from Hot Topic circa 2006. Every man has dreams. Mine just turned to nightmares the day I bought 5chan.

My goal is to start a family

Since it first dropped on YouTube on April 16, 2014, sniffer.avi gave 5chan a notch when it came to underground cult internet videos. It embodied (purposely by design) the perfect recipe to immediately catch someone's attention and add to its view count: from the opening dialogue and frame to the cacophony of God's own personal Hell as our boys book it out of a suburban man's middle class humble abode, the sniffer left viewers with more questions than answers. It was meant to be shrouded in mystery, to be that and only that, and nothing more. Yet, in the years since, fans of the video have asked us to make more of the same, and that's why we never have: because it would *literally* just be more of the same.

And it's not just rand-o strangers on the internet. Our own friends and 5chan co-owners have pitched us ideas for sniffer sequels, but Anth and I never wanted to. The joke, to us, only works once, so why tarnish the first video's legacy with subpar cash-in's following in its wake.

A typical fan of the sniffer

But that's not to say we never discussed a sequel privately to one another. The ideas just happened randomly. When Anth told me his, we were driving in the limited edition 2005 PT Cruiser convertible with a 2.4 liter turbo engine near my parents house. I think, if anything, we were literally discussing this very topic of sniffer sequels and how they'd never work... but what ideas, at least, did we have of our own? After all, it was our vid. We made it, we owned it. If there were any ideas worth listening to and considering, it would be he and I's to each other in this exact moment of conversation. Because all the other ideas we had been pitched sucked. Sorry not sorry.

ANTH

It would just open up like the first one did, only slightly different. "I am the sniffer, somebody's home..." and the would just quickly stare into the camera and shrug, followed by "let's break in." Same thing as before, [the sniffer] and I would run into a house (Anth played the cameraman in the vid), but this time we run past a family eating their dinner. Mom, dad and their kids. They'd all scream as we'd make our way to the basement and into the laundry room where we'd grab some dirty clothes, sniff them, and talk to one another before a light that was on the wall behind us would be shattered with the sound of a gunshot going off, and I'd pan over and you'd see the father screaming at

us with his family shivering in terror behind him as he cocks the shotgun for round two.

The father and daughter in this family as we envisioned them

I'd pan the camera back around to the sniffer where we'd clearly see a hole in the basement wall and we'd make a break for it, running into the father and tackling the family onto the ground with the sniffer even punching the kids to get out alive and we'd run out of the house where the video would basically end the same way as the first one did.

SETH

If I were to do another one, this is what I'd do:

It starts out the same as the first one. "I am the sniffer, nobody's home..." But then our man pulls out a handgun, cocks it and says with dark inflections within the tone of his voice,

“let’s break in...”

The neighborhood he’s in could best be described as Little Detroit. The cameraman, played by Anth again, pans around as the sniffer runs onto a porch and kicks in the front door to show a hood-ass home of a poor urban black family. The head of the household, wearing a wife beater, shorts and white socks, is standing there, totally taken back.

“WHAT THE FUCK?” is all he says before the sniffer shoots him dead.

From hereon out, it’s total insanity in this house as the family screams, children cry, guns go off, and the sniffer sniffs. At one point, he enters a baby’s bedroom where a cowering

teenage mother holds her crying baby as the sniffer screams “WELCOME TO HELL!”

Our duo scores, finding a room of clothes. But outside, the neighborhood goes nuts. Gun shots, bedlam and police sirens. Yet, the sniffer and his cameraman pay no attention. They are once again in their own little world of scented ecstasy.

It’ll be made to look as if we’re watching two separate movies taking place in the same location. The other characters ignore the sniffer, as more chaotic things go on around them.

It ends with the sniffer leaving the house and shooting his gun in the air.

The cops show up just as our boys take cover inside a dumpster. From there, an inner-city shoot out occurs, with a black male getting shot by a white cop. His mother runs up to his body, screaming, cradling it.

Then we're reminded that we're actually watching a sequel to sniffer.avi, as Anth lets out a euphoric moan and the camera cuts out. Somehow, in all that, those two survive.

What I liked most about my idea was that it would be a complete 180 in audience expectations, starting from the beginning with the sniffer shooting a man. A sequel should have *some* of the same things as the original, but

not *all*. Here, I'm taking the confusion and shock value of the first sniffer video and amping it up to an utterly unnecessary level. That's the joke – that a horrific chain of events laced with present-day social commentary is going on as the sniffer sniffs during it all.

The fact that the idea of a sniffer.avi 2 having social commentary in it is just another layer of comedy that I also found pretty funny, because it's the last place you'd expect to see it in. I also would have wanted to shoot it all in one take, which would have been a logistical nightmare, hence why it now exists here in this zine and not on YouTube.

And one thing I forgot to mention. In all reality, even if we wanted to make another sniffer video, the sniffer himself doesn't want to be associated with the character anymore. He also can't actually smell anything in real life, which is probably one of the most ironic things Anth and I have ever been privy to.

As for the original sniffer vid, a raw, unedited cut of the video exists, with all the takes we used and didn't. It's a little over 16 minutes long. Only a very small group of people in our inner circle have watched it. But that footage will probably never see the light of day. The version you got is the version we wanted you to see.

Seth directing the sniffer from the unedited version of the video
